Summary of last session for Pre B class from Sue Elston on the theme of weather- students checked out the weather outside, came up with individual words, learnt those words, then put into sentences. Used whiteboard, saying/repeating words, then sentences, repeating 10 times, individually and together.

Intermittently used Youtube on weather and the BOM app, which a few had on their phone but didn't know how to use.

They enjoyed looking at what the weather will be on Friday, on Saturday,

Dear Kangaroo class,

We have just learnt about the weather.

In your workbooks, write today's date and copy the sentences we did today.

What's the weather like in Shepparton?

It is sunny today.

It is not windy.

It is not raining.

It is 12 degrees.

It is winter time.

Here is the link to the youtube on weather that we saw today.

<https://www.youtube.com/watch?v=EYsOqNseS8s>

Play it many times and repeat the words.

Here is the link to BOM (Bureau of Meteorology) that we looked at today.

We know that it will rain on Saturday on Sunday and it will be cold.
